Global Mark

www.3fivetwotraining.com

The total annual cost of alcohol misuse in Northern Ireland is estimated at £679.8 million, with £122.2 million of this coming directly out of the health service budget¹.

The number of patients presenting in General Practice is rising and an exponential increase in alcohol related admissions to hospital is adding additional pressure to the health service budget.

With this information in mind, **3fivetwo Training Academy** and **15 Healthcare** have developed this educational programme which will commence on the 7th December 2011 and continue throughout 2012.

Schedule:

Module 1: The Alcohol Disease Burden
Half-day - Wednesday 7th December 2011

Module 2: Acute Management
Full day - Wednesday 25th January 2012

Module 3: Chronic Management
Full day - Thursday 22nd March 2012

Module 4 : Solutions and Case Histories
Full day - Wednesday 6th June 2012

Location: 3fivetwo Training Suite, 21 Old Channel Road, Titanic Quarter, Belfast

Programme Fee: £720

Book online at:
www.3fivetwotraining.com
Or call 028 9073 5273

¹ Alcohol Use and Alcohol Related Harm.
HSC Public Health Agency Report April 2011.

Learning Outcomes....

- ✔ To understand current practice around alcohol disease.
- ✔ To agree strategies to help identify and meet the needs of the “hidden” patients suffering with alcoholism/ alcohol related illness
- ✔ To gain an understanding of the impact that alcohol related disease has on society, the economy and NHS resources.
- ✔ To gain knowledge and awareness on the physical and psychological management of patients with alcohol related problems.
- ✔ Explore and modify delivery of care for patients presenting at A&E, General Practice and Voluntary sector organisations.
- ✔ Examine delivery of care for patients who require management of chronic conditions of alcohol abuse.
- ✔ Evaluate care strategies to promote health and wellbeing within society for patients with alcohol related disease.
